

Minutes of Biomedical Signal Processing TC meeting

Date/Time: 1210-1330 on the 15th of December, 2010

Place: Matrix, Biopolis, Singapore

Attendee:

Toshihisa Tanaka, Tokyo University of Agriculture and Technology (Japan)

Guan Cuntai, I2R, A*STAR (Singapore)

Sung Chan Jun, Gwangju Institute of Science and Technology (Korea)

Shanbao Tong, Shanghai Jiao Tong University (China)

Yodchanan Wongsawat, Mahidol Univ. (Thailand)

Tomasz Rutkowski, RIKEN (Japan)

Kianoush Nazarpour, Newcastle University (UK)

Agenda:

1. TC name and abbreviation

TC name candidate:

Biomedical Signal Processing and Systems (BioSiPS)

2. TC topics and keywords

- Brain signal processing
- BCI and BMI
- Bio- and neuro-imaging
- Electrophysiological signal processing
- Wearable and implantable electronics

Each topic should be related to each TC member's specialty.

Or TC needs to recruit members related to the topics.

3. Activity plan 2011

For the next APSIPA ASC at Xian, China, it is decided to organize two special sessions.

We appointed the following persons to organize special sessions:

- Dr Nazarpour, Newcastle Universtiy
- Dr. Li, Guangzhou University
